

PORTFOLIO REPORT - Outdoor spaces and Planning

Name: Chris Edwards

Date: 1st June 2026

Comments

Outdoor spaces

The footpath near St. Andrews church now has a new stout timber handrail structure to help people walking up/down a flight of steps, following a request from a parishioner. Not quite complete, as an additional rail & brackets will soon be installed. See photo on APC website.

The plant troughs and small garden areas at the railway station have all been replanted by councillor's & helpers, with fresh displays ready for the summer season. Thanks to the team for a really great effort!

Discussions are ongoing with reference to the replacement of parts of a downtrodden wire fence on the northern side of Fairfield.

Quotations have been received for the replacement of the vandalised bus shelter glazed window.

Planning applications

1. A planning application – 26/01058/HOU has been received, for a single storey annex to an existing residential property on the A371 near the railway bridge. This will be discussed at our next Council Meeting later this month.
2. Update on 26/00384/FUL – Barn behind the A371 at Higher Ansford. Ground works/footings have commenced for this self-build residence.
